HERE IS A LIST OF OUR AMENITIES:

Our Unique Location

Located 205 feet above the Snake River, we offer a spectacular view of the river and valley below. This gives you unlimited photo opportunities for you and your wedding party.

Free and plentiful parking is available for your guests when they arrive.

Though the majority of brides choose to walk down and across the wedding bridge, along the beautiful waterfall to the main grass area and get married in front of the cliff-side gazebo, feel free to dream up your own perfect procession anywhere on the property, from a horse drawn carriage to a casual wedding or whatever you wish to create.

Bride's Quarters

Our bride's quarters are located nearby the wedding area and feature a full-length mirror, dressing area, rest room and shower facilities.

Groom's Quarters

The groom's quarters are located separate from the other buildings and from viewing the bride. Relaxing and secluded, there is refrigeration for beverages, a television, mirrors and comfortable couches.

Honeymoon Suite

This is a must-see – beautiful decor and plush amenities, not to mention nearby access to the jacuzzi and gourmet breakfast. This is a convenient option for couples who might not want to drive home after their big event.

Outdoor Guest Restrooms

“Real”, plumbed, handicap-accessible restrooms located near the reception area for easy-access.

Professional Staff

A professional staff of servers, bartenders, parking attendants and a dinner service coordinator are available at request to assist with facilitating your special day.

Large Tents Available for Inclement Weather

Typically, summertime at Fox Canyon Vineyards is beautiful and the weather is warm and dry. However, in case of inclement weather, outdoor tents can be rented from a number of companies with whom we have relationships. We will be happy to give you contact names and numbers should the need arise.

Tents that have been used in the past are large enough to hold a reception, ceremony and a dance area if the weather becomes uncomfortable outside. On a perfect day, the sides of the tent can be rolled up and open up to the grass area to create a more open all-inclusive feel.

We will provide electricity in the tent if required.

Absolutely No Distilled Spirits of any kind will be allowed on the premises.

Times of the rental are firm.
